Consumers who purchased the recalled items should discontinue use immediately and return items to the store location where they were purchased or destroy the product.

No other Farley's & Sathers Candy Company, Inc. products are part of this recall. No illnesses have been reported to date in connection with these items. The items listed may contain or came into contact with peanuts that were supplied by the Peanut Corporation of America and have the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis. For more information on *Salmonella*, please visit the Centers for Disease Control and Prevention's website at <http://www.cdc.gov>.

Consumer safety is important to Farley's & Sathers. Farley's & Sathers Candy Company, Inc. is working with the FDA and has issued this voluntary recall as a precautionary measure.
